

Thank You Thank You Thank You

2-27-07

Dear Meeker Foundation,

Hi, how are you? I just wanted to thank you for letting

Dr. Zoolittle and Mother Meerkat come and do a Bug Assembly.

I really learned so much about echidna. Also I thought it was funny eating a hatched larva. It tasted like sunflower seeds.

Reed the parrot was a beautiful bird. Victor the echidna was an adorable animal.

Sincerely,

LaPresa Elementary
Student
